Full-Stack Web Developer with a background in Regulatory Compliance. I create solutions - either fiduciary, technological, fashion, regulatory - to meet the needs of my clients. Underscoring all of my professional pursuits is my unrelenting need to help others. I bring with me a need to help others, to solve critical, challenging problems. My drive to succeed will all be appreciated assets.

Skills

Languages | JavaScript, HTML, CSS, Python, TypeScript
Libraries and Frameworks | React, Node.js, Express.js
Database | PostgreSQL, Sequelize, ORM, MongoDB, Mongoose, ODM
Other | RESTful Routing JSON

Projects

Yellow Patch | Front-End Web-based Game Application
HTML, CSS & JavaScript   12/2020-01/2021

- Old Lady Anita prides herself in having a well-kept lawn. The only problem for his is stopping pomeranians from destroying her lawn. Players have to help their elderly neighbor defend her turf.
- Utilizes Canvas to manipulate the HTML through JavaScrip and CSS in order to have a fully-functional, fun experience chasing characters around a screen.

Professional Experience

Donlen, a Hertz Company| Bannockburn, IL
License & Title Specialist: 11/2014-09/2016
- Managed a portfolio of corporate assets spread across twelve states worth worth over $20 million dollars.
- Collaborated with local, state and federal authorities to ensure that all assets, vehicle and otherwise, were operated in a manner consistent with regulatory compliance rules and guidelines.
- Cultivated team organization among department staff and reworked processes by creating standard operating procedures for department functions in order to effectively obtain information and provide documentation to individuals operating corporate assets to maintain compliance.

Donlen, a Hertz Company | Northbrook, IL
DriverSupport Specialist   10/2013-11/2014
- Implemented the rollout of new driver programs to existing and new clients by providing a white-glove approach to assisting with vehicle acquisition and vehicle delivery.
- Coordinated the service of and found replacement assets for fellow employees and clients.
- Maintained a standard of service by ensuring that clients received effective resolution to conflicts that arose within a timely fashion.

Nordstrom | Northbrook, IL
Service Experience Specialist   10/2012-10/2013
- Developed and implemented targeted sales programs by creating personalized letters specific to the client's interests in order to drive $1 million dollars in sales for Personal Stylists.
- Coordinated a team of approximately 100 sales associates and implemented new service standards in order to create and increase the quality of our offerings to customers.
- Collaborated effectively to problem-solve disputed transactions, particularly focused on credit services and returns and worked diligently with my department peers to deliver resolutions, then communicating those to the client.

Education

Bachelor's Degree/English Language & Literature, 2011
The University of Michigan, Ann Arbor, Michigan

Software Engineering Immersive Program
General Assembly | Remote   **12/2020 - 3/2021**
Full-stack software engineering immersive student in an intensive, twelve-week, 450+ hour program focused on product development fundamentals, object-oriented programming, MVC frameworks, data modeling, and team collaboration strategies. Developed a portfolio of individual and group projects.
